

WE NEED YOUR HELP!

We're looking for parents that use tobacco or nicotine and their child to share their views about preventing tobacco use in children.

The goal of our study is to learn about preventing tobacco or nicotine use in children.

You and your child will complete a survey and participate in a discussion group or interview.

Participation takes about three hours. Participants will be compensated for their time.

You must:

- Live in Desha, Phillips, Lee, or Chicot Counties
- Currently use tobacco products or vapes
- Be a legal guardian of an 8-10 year old
